I would really like to express my appreciation and gratitude to **Krista** who's the creator of

I am pretty sure that my work wouldn't be the same, if such inspiring people didn't exist. If you want your work to be more appealing to your students visit:

A large, black, stylized number '2' is centered within a white square. The square is framed by a thick, black border. Inside this border is a decorative mosaic pattern of rectangular tiles in various shades of green, including light lime green, medium green, and dark forest green. The tiles are arranged in a grid-like fashion, with some tiles slightly offset or tilted, creating a textured, mosaic effect. The overall style is reminiscent of stained glass or a decorative graphic design.
